

## 2010 MONTANA JAYCEES COMMUNITY DEVELOPMENT VICE PRESIDENT

Hello Montana Jaycees,

My name is Nikki Erhart and I am excited about being the State Community VP. I feel that the area of community is essential to our Jaycee organization. Not only does each chapter have many projects affecting our communities, we also have some awesome statewide projects. Please keep me informed as to what projects your chapter has coming up, I won't be able to make them all, but will try to do my best.

I will tell you a little about myself, I have two wonderful daughters; Rachael (9) and Alicia (7). I live in Glendive. I have held many positions on the local board of directors, including president. I have been Regional director and in 2008 was the State Membership VP.

I have several program managers for my area. If you have any questions, please contact them or myself.
