

Hello, my name is Abigail Snider I'm 34 and I have been a member of the greatest organization for six years. I have a bachelors degree in criminal justice. I have been a License Addiction Counselor for the Department of Corrections for 8 years. Two of my passions are helping people and horses. I have two personal horses and five horses with the department of corrections. I have two worthless Cow dogs that I love. I was able to enjoy both national and state conventions through the years along with North American Academy and State President Retreat. I'm excited to lead the state as president in 2024. I

have grown through my Jaycees career so many ways, and want to share that with all of you throughout the year.

My goals for 2024 are

- Building member relations and involvement.
- Increase state involvement with local chapters to drive inspiration.
- Promote the Organization locally and statewide.
