

Harleigh started her Jaycee career in 2014 with JCI Richland County in Montana. She started her leadership positions as the co-chair of the largest event the chapter held at that time, moving to the position of chair in 2016 proving to be one of the most successful years the event had seen in its 40 years. In 2017 she served as the chapter president for Sidney. She has held numerous local positions leading up and following her local presidency as well as Management Vice President, Community Vice President, Individual Development Vice President, and Vice President at the State level in the years following. She served as the 84th State President for the Big Sky State of Montana in 2023. Harleigh has a deep love for the commitment to community and personal development that the rest of JCI shares. Her main focus as National Vice President lies with engaging members and showing them the worth they hold to not only their state but JCI USA as a whole. With her motto of Jaycee Unfiltered she hopes to encourage all

Jaycees to have a strong voice. She has a strong passion for positive change in JCI USA, which she hopes to accomplish with her unwillingness to back down from any challenge. In her years of service to the Jaycees she has always prided herself on her decision making skills in tough situations, as well as her strong-willed attitude towards her goals.

Harleigh spends her time outside of the Jaycees as an Account Executive for Townsquare Media, extending her ability to market the Jaycees in the best ways possible. She and her husband own a Hot Sauce company outside of her day job. In her free time she can be found spending time with her husband and two sons, or in the shop working on demolition derby cars with her brother.

Harleigh is nothing short of determined to Evolve with all of JCI USA in 2024!
