

Hello! My name is Kevin Holmes and I am serving as your 2024 Montana State Vice President.

I currently reside in Havre Montana and have lived here nearly my entire life. During my time here I have developed a diverse culture living the farm and “city” life that makes me no stranger to either. I have a very upbeat personality and my passion is connecting with people. Some of my hobbies include travel, most outdoor sports, collecting rocks/crystals, and swimming.

Professionally I have a background in healthcare (CNA), assisting people with developmental disabilities, bookkeeping, administrative/supervisory roles, and merchandising. Often times in my personal and professional life, it has been suggested that I look in to being a counselor due to my ability to empathize and connect with people, but also because I'm not afraid of the truth and I'm even more enthusiastic about helping find a solution to overcome an obstacle.

As for my Jaycee career, I have been a member for 7 years. With the Havre Jaycees, I have served on the board as IDVP, Management VP, Membership Development VP, President, and Chairman of the Board. On the state level, I have served as IDVP, Community Development VP, and Vice President twice. I have a diverse background in assisting all positions in all capacities and have been a stand in for others when they need assistance.

My drive comes from wanting to create an impact and to see the memberships development come to fruition. Watching a person's reaction when they meet or exceed their goals is all the validation I need and I will continue to provide the tools and resources people need to see their goals realized.

My liason chapters for this year is Central Montana and Richland County and I am very excited to be a part of their years of creating impact and growth for 2024. I am always available to help any and all chapters with whatever they need. Don't hesitate to reach out. We're in this together and I am confident the 2024 State team feels the exact same.
