

Hello Fellow Jaycees!

My name is Shannon Wicks and I am the Montana Jaycees 2024 Community Development VP. Along with my husband Dan, I moved to the Sidney area in early 2015. I am originally from a small town in the Lower Peninsula of Michigan, where my families background in civic roles had a significant impact on my upbringing and passion for community betterment.

I was introduced to the Jaycees by a coworker in 2018. After volunteering at an event and attending a couple meetings, I made the awesome decision to become a member. Since then, I have held several board positions within the Richland County Jaycees as well as the Montana Jaycees 2023 CDVP.

My goal as the 2024 CDVP is to assist our State President, Abigail Snider with building better bridges between the state board and local chapters. To achieve this, the state board has come up with a few ideas that will be implemented throughout the year with the collaboration of the local chapters. The opportunity for growth within our organization at a state or local level is limitless through teamwork, and I look forward to working with all of you!

Shannon Wicks

2024 Community Development VP
